

Annual Meeting 2024

ISPE Japan Affiliate

Shin·Pharmaceutical Industry

- The Global Era and the Future for Japan

Date: 30th & 31st May 2024

Place: Tower Hall Funabori, Edogawa-ku, Tokyo

Host: ISPE Japan Affiliate

On May 30th and 31st, the 2024 ISPE Japan Affiliate Annual Meeting will be held in Tower Hall Funabori, Edogawa Ward, Tokyo. With your support, the ISPE Japan Affiliate now has over 800 members and more than 280 companies as group members. We would like to express our sincere gratitude.

For the 2024 Annual Meeting, the theme will be "Shin·Pharmaceutical Industry" and the sub-theme will be **"The Global Era and the Future for Japan."**

The world is reaching a major turning point. Is the balance between globalization and localization about to change significantly? What is happening to Japan's manufacturing powerhouse? And where is Japan heading? Bywords to answer these questions include "Globalization and Localization", "Hollowing Out", "DX and Process Change", "Business Model Transformation", "GX", among others. The same holds true for the pharmaceutical industry, and once again it is time to consider the direction to take.

On the first day of the 2024 Annual Meeting, we will receive domestic and international industry leaders from industry, government, and academia, to give lectures on the future outlook for the pharmaceutical industry, as well as introduce the status of ONE ISPE's activities. On the second day, COPs will hold workshops on a more detailed theme, with the participation of overseas instructors.

This year, for the first time in six years, the Japan Affiliate will hold a networking event. We will also provide an environment that makes it easier for alumni and students to participate in. This will be a good opportunity to take advantage of ISPE's wide and strong networking. We hope that the networking will help participants think about what the future holds for the "Shin·Pharmaceutical Industry" and serve as a driving force for further promoting innovation in Japan.

Please note that ISPE Japan HQ members are requested to attend the Annual General Meeting held at the beginning of the Meeting, as important resolutions such as re-election of directors, activity reports, accounting reports, approval of activity plans and budget proposals will be made.

Thank you very much.

Hirokazu Kisaka
Chairman of the Board
ISPE Japan Affiliate

Yukinobu Maruyama
Chairman, Organizing Committee
Annual Meeting 2024
