

Annual Meeting 2025

ISPE Japan Affiliate

Shin・Emerging Technologies!

- The New Era Brought by AI -

Date: 29th & 30th May 2025 (APAC meeting, May 28th)

Place: Tower Hall Funabori, Edogawa-ku, Tokyo

Host: ISPE Japan Affiliate

On May 29th and 30th, the 2025 ISPE Japan Affiliate Annual Meeting will be held in Tower Hall Funabori, Edogawa Ward, Tokyo (The APAC meeting will be held on the previous day, May 28th). With your support, the ISPE Japan Affiliate now has over 800 members and more than 280 companies as group members. We would like to express our sincere gratitude.

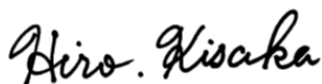

For the 2025 Annual Meeting, the theme will be "Shin • Emerging Technologies!: The New Era Brought by AI." The world is currently undergoing significant changes. With the advancement of globalization, pandemics, and geopolitical issues, the business environment is rapidly evolving. Additionally, digital technologies such as AI, big data, cloud technology, and IoT are advancing rapidly. Manufacturing companies, including those in the pharmaceutical industry, must quickly adapt to these technologies. Furthermore, increasing awareness of sustainability and environmental issues is significantly impacting corporate management.

In the pharmaceutical industry, it is essential to address these environmental changes and enhance data driven decision-making and agility. We aim to explore the direction the pharmaceutical industry should take in this new era brought by AI advancements, together with all of you.

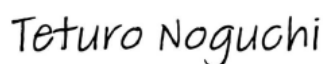

On the first day, industry leaders from domestic and international sectors, including industry, government, and academia, will give lectures on the future outlook of the pharmaceutical industry. On the second day, each Community of Practice (COP) will hold workshops on more specific themes, including sessions with overseas speakers.

This year, we will also hold a networking event, continuing from last year. We hope this networking opportunity will serve as a driving force to further promote innovation by considering what kind of future the new era brought by AI will bring, together with all participants.

Additionally, at the beginning of the conference, there will be an important general meeting for ISPE Japan Affiliate members, where we will conduct board member elections, activity reports, financial reports, activity plans, and budget approvals. We kindly request your attendance.

Hirokazu Kisaka
Chairman of the Board
ISPE Japan Affiliate

Tetsuro Noguchi
Chairman, Organizing Committee
Annual Meeting 2025

Dates

29th (Thu) & 30th (Fri) May 2025
